[0001]

Newstead Abbey

13 Feby 1865

My Dear M<sup>r</sup> Murray

Fearing that I could make my meaning as to the mode of the poison on the I got Waller draw the enclosed for a cut. I have the of the paper D<sup>r</sup> Kirk & Prof. Sharpey the poison which very virulent - gives alkaloid like which to act by lowering pulse - Kirk by an

[0002] took a little & lowered the pulse & him of a cold - the will do for the . C Livingstones & insects are in British for the same

I am directed by M<sup>rs</sup> Webb say something kind to for her. So I say promise to visit Newstead is not for I have several been asked if I thought would come. We are have a large party this - My brother is safe far as Sierra Leone
