My Dear M^r Murray

Only a moment
of your time

D^r Kirk would call
with a photograph
of the ~~Baboba~~
Baobab tree - the
graves and Shupanga
house which [together] will
make a very nice
picture. I need

[0002]

scarcely say that
I would like that
one much.

If you could
send the first part
of the manuscript
I could give an
epitome of the
instructions in
it at once which
would save
interlining after
it is printed -

Excuse this
additional bother

Parcels addressed
to Newstead come
safely

David Livingstone

I dont think I shall
be up in London
soon but it will
be nearly as easy
to correct for the press
here as in town
so after I return

the part mentioned
above the printing
might begin
