Sir William Hooker

Dear Sir

As I have
at last got hold
of my seeds and
hope to be able to
arrange them in a
day or so. Will

[0002]

you kindly drop
me one line to this
address to say by
what conveyance
I can send them .

I have some
fibrous tissue
which I wish
you to examine
also some leaves

[0003]

and unripe pods
of a tree which
I suppose to be
a Cinchonaceous one
as it has been
used by the Portuguese
as such in fever
and by the natives
and myself. I have
some of the bark
of the root iris .

[0004]

Excuse my troubling
you now. I have
lost so many things
by conveyances
that I like to use
caution .

Believe me &c

David Livingstone
