My Dear M^r Murray

M^{rs} Goodlake
obliges me by taking
up two small
books with astro-
nomical observations
worked out for
M^r Arrowsmith
but I don't send
the sketches by
[0002]

D^r Meller which I
mentioned to Cooke
as a lady comes
tomorrow who
may construct
something out of
them for me.

A small tract
of archbishop
Whately & published
by Parker & Co I
think teaches that
several things
[0003]

such as iron-making
fire &c &c indicate
Divine revelation

I want to shew
by the similarity
of a great many
things the probability
that this was the
case. Can you
get me the tract
indicated - the
name I have forgot

It is an argument
for a Revelation
[0004]
from some things
that savage man
could not have
attained without
divine aid. If you
can you will
oblige Yours ever

David Livingstone
