My Dear Shaw

the little girls'

eyes having become

worse from a

slight cold I send

her to Lawrence

I have given her

a little of the

tincture of the

muriate of iron

& applied a

Colly^m of nitrate

of silver 1 1/2 gr to

the ounce of water

thats all I have

done - complains

of weariness

[0003]

& headache - probably

effects of quick

growth. Her

mother will

answer any other

questions.

Will you introduce

M^{rs} L to Stanford

or get some

envelopes for

her - stamped

& gummed.

[0004]

I shall come tomorrow

to the Physicians

shall I call at

Lawrence's for

you or at the

R.G.S. Milne

a book on China
to the Soc. I say
yes to him.

Ever Yours
