20<sup>th</sup> Feb<sup>y</sup>

My Dear D<sup>r</sup> Shaw

M<sup>rs</sup> Livingstone  
has a whitlow on her  
finger and I have  
not a lancet nor  
the heart to slice  
it up for her  
Will you be so good  
as give her an  
introduction to

[0002]

one of your surgical  
friends near who  
is expert in these  
matters? I know  
M<sup>r</sup> Hancock  
well but dont  
like to trouble  
a great man  
with a thing so little

thanks for the  
journals. the  
observations are

[0003]

not come yet  
If you copy them  
wont Cooley send  
them to Germany  
before I can get  
them out myself.  
I am perfectly willing  
to do whatever is  
right. I shall come  
on monday to  
see if you please  
Parker's notes.

Saw your friend  
[0004]  
Prince Albert  
yesterday

yours &c

David Livingston
