My Dear Shaw

the little girls'  
eyes having become  
worse from a  
slight cold I send  
her to Lawrence  
if you will  
kindly take her  
[0002]  
I have given her  
a little of the  
tincture of the  
muriate of iron  
& applied a  
Colly<sup>m</sup> of nitrate  
of silver 1 1/2 gr to  
the ounce of water  
thats all I have  
done - complains of weariness  
[0003]  
& headache - probably  
effects of quick  
growth. Her  
mother will  
answer any other  
questions.

Will you introduce  
M<sup>rs</sup> L to Stanford  
or get some  
envelopes for  
her - stamped  
& gummed.  
[0004]  
I shall come tomorrow  
to the Physicians  
shall I call at  
Lawrence's for

you or at the  
R.G.S. Milne wants to present  
a book on China  
to the Soc. I say  
yes to him.

Ever Yours

D Livingstone

I am going to Exeter Hall  
on Sunday
