My Dear M^r Murray

Would it be
possible to print
my little analysis
of the Sichuana
language for private
use with a margin
for future corrections
in a week from
this time? nd

[0002]

if so at what cost?
It would be so con-
venient for my
studies that I beg
leave to trouble
you with the
question .

Will you be
kind enough to
get BB Nautical
almanacks for
me. viz. 1858-9-60
Also the very latest

[0003]

edition of Thomson's
Tables, Linear and
Lunary. I think it
was published within
the last few years.
The old one I have
already.

I may say

that you have
kindly put by
the analysis in
your drawer if
you ~~wish~~ think right
to glance at its size .

[0004]
And in case I forget
when with you
I would ask you
to leave out my
observation book
as I wish to take
it to the Cape .

I shall call
tomorrow - perhaps
today but am
going up to
Wandsworth .

I am &c

David Livingstone

D^r L. found the essays in his own possession
& the observations he had given to Arrowsmith
