My Dear D^r Shaw

M^{rs} Livingstone
has a whitlow on her
finger and I have
not a lancet nor
the heart to slice
it up for her .
Will you be so good
as give her an
introduction to

[0002]

one of your surgical
friends near who
is expert in these
matters? I know
M^r Hancock
well but don 't
like to trouble
a great man
with a thing so little .

hanks for the
journals. he
observations are

[0003]

not come yet .
If you copy them
won 't Cooley send
them to Germany
before I can get
them out myself.
I am perfectly willing
to do whatever is
right. I shall come
on onday to
see if you please

Parker's notes.
Saw your friend

[0004]
Prince Albert
yesterday .

yours &c

David Livingston
