6 April 1865

My Dear Webb am sincerely that no operation to be performed your knee. I I was very about for it was not case of knee but of leg & more -
Ferguson must a brick -

My brother in
America tells

[0002] this morning that he do his best to wild rice for but it is not to had before the fall the year. He has to a friend near
Lake Simcoe to procure from the Indians gather it for own use in . and also to seedsman in Lanark. When he living in
Lanark he says had some of it in places

[0003] the wild ducks it up before it ripe. On some it is very , and if is to be had at all year he will it & send to Liverpool for

I mention this I know from
Kirk that you have a letter as it that the are fond of - & that he attended my request & in time secure it

[0004] coming out - this size getting so warm the hands dont benumbed in in the water good many had above Reservoir a single fish up though the "ladder" was 50 ° on Sunday got a finer gauze in the gas place to keep from going till you come

[0005]

the trout are rising much at the ponds but must have the eggs back themselves. I like very to dissect
& see, but wont you come & yes.

I have a all the chiefs the Portuguese
& the Pasha of
Egypt & Abysinia

[0006] particular care say that I have no & no pension be claimed. mean to live after are all dead & and always the petition answer-so "Give us this our daily bread" dont mean to any howl it but with to Olivia & MrsW

I am &c

David Livingstone

We lunch tomorrow with ^r & then go to see some place there

[0007] delightful!!! Absolutely so no mistake

[0008] [...] too - When are you coming?

[0009] all beautifully well -

I have taken it upon me to write & tell
Lord Dalhousie all about Kirk
