My Dear Shaw

the little girls' eyes having become worse from a slight cold I send her to Lawrence if you will kindly take her [0002]I have given her a little of the tincture of the muriate of iron & applied a Colly^m of nitrate of silver $1 \frac{1}{2}$ gr to the ounce of water thats all I have done - complains of weariness [0003]& headache - probably effects of quick growth. Her mother will answer any other questions.

Will you introduce M^{rs} L to Stanford or get some envelopes for her - stamped & gummed. [0004]
I shall come tomorrow to the Physicians shall I call at

Ever Yours
