My Dear Kirk

I delivered

your message this

morning and was

blamed for not

putting it strong

enough to you

Mrs W. says you

can do your

mammalia here

the heads [in the hall] will

inspire you

[0002]

and I am to say

that you will

have the room

over mine and

everything you

want. It was

not for a day

or two I was to

ask you but

for a fortnight

or three weeks -

Her husband added

and we may

hear of something

[0003]

here as readily

as they can do in

London. He

thinks better of

Nottingham than Cheltenham but

I am to put it

strongly so you

will consider

this strong Kakanewe

base - they are

very nice people

and seriously I think it will be [0004]quite worth your while to make their acquaintance both for their friendship at present and in the future. My brother & his Yankee wife are invited to save me the trouble of going down to Scotland He enjoys everything African. He is much troubled with one or two bits of cartilage floating about in his knee joint. I have objected strongly to any operation being attempted
