My Dear M^r Murray

I recieved the proofs and woodcuts safely this morning I shall leave two more pieces of M.S.S. this afternoon at your dwelling house. I think three more will [0002]finish the whole -I shall do these before beginning with the proofs and I shall try and make only those alterations which are required to

bring back the

sense. I hope if you

are losing some

subscribers you

are getting others

[0003]

No effort will be

spared in getting on

as quickly as I can

I have given Arrowsmith

everything - I get

duplicates from

Maclear and he

said nothing about

an occultation

I expected. Arrowsmith

might have the

proofs from

Kalai Eastward

in addition he is [0004] famed for being late and blaming every body but himself for it.

I was asked at Oxford if a better edition & of higher price would not be published as well as a lower. I said the affair was entirely in your hands. I mention it only. Is this the permanent paper? Very good about the engraving - I enclose a musical instrument which may please you better

D Livingstone

Would some with gilt edges & a higher price please such as it does the Bechuanas
