My Dear M^r Murray

I recieved the proofs and woodcuts safely this morning I shall leave two more pieces of M.S.S. this afternoon at your dwelling house. I think three more will [0002]finish the whole -I shall do these before beginning with the proofs and I shall try and make only those alterations which are required to bring back the sense. I hope if you are losing some subscribers you are getting others [0003]No effort will be spared in getting on as quickly as I can

I have given Arrowsmith everything - I get duplicates from Maclear and he said nothing about an occultation I expected. Arrowsmith

I expected. Arrowsmith might have the

proofs from

Kalai Eastward in addition he is [0004] famed for being late and blaming every body but himself for it.

I was asked at Oxford if a better edition & of higher price would not be published as well as a lower. I said the affair was entirely in your hands. I mention it only. Is this the permanent paper? Very good about the engraving - I enclose a musical instrument which may please you better

D Livingstone

Would some with gilt edges & a higher price please such as it does the Bechuanas
