My Dear D^r Shaw

You are quite
right about the
balls. I ought
to have said
the ball was
an eight to the
pound ball or
two ounces

[0002]

As some more may be printed off yet I have ordered the phrase to be changed to a two ounce ball. When you mentioned it I looked at another place where the same gun & ball is spoken of properly

[0003]

I am glad that you are pleased with it. I have written your name in a copy, and one will come to the society on the 9th for the Library if admissable.

The large map is at Birmingham but I wrote off for

it this morning

[0004] and it will be here in good time for you. Thanks for the ticket you sent me I go down to Rugeley on thursday but will come up so as to be at the meeting on Monday the $9\frac{\text{th}}{\text{I}}$ I am ever yours
