My Dear D^r Shaw You are quite right about the balls. I ought to have said the ball was an eight to the pound ball or two ounces [0002]As some more may be printed off yet I have ordered the phrase to be changed to a two ounce ball. When you mentioned it I looked at another place where the same gun & ball is spoken of properly [0003]

I am glad that you are pleased with it. I have written your name in a copy, and one will come to the society on the 9th for the Library if admissable.

The large map is at Birmingham but I wrote off for it this morning [0004] and it will be here in good time for you. Thanks for the ticket you sent me I go down to Rugeley on thursday but will come up so as to be at the meeting on Monday the 9^{th}
